

# Commonwealth Home Support Program

## Client Contributions

### As at 1 July 2026 – Queensland

Under the Commonwealth Home Support Program, we offer a range of quality services to help people live positively and improve their health, well-being and independence. Services are offered based on your needs and assessed eligibility.

The Australian Government covers most, but not all, of the cost of services. You pay the remaining amount as a contribution towards the cost of your care. This document outlines the amount of your contribution.
